

## **Index op publicaties van Spaenhiers, historisch-archeologische kring voor Koekelare en omgeving (vzw).**

Samenstelling & uitwerking: J. Heus

De trefwoorden (begrippen, feiten, organisaties, personen, plaatsen, stijlen, gebouwen...) hebben betrekking op Koekelare (bv. CVP, SPa ...gaat telkens over de lokale partijafdeling). Bij personen is soms een beroep of functie gevoegd (burgemeester, onderwijzer, dokter, pastoor, notaris...). Voor specifieke thema's worden de deelgemeenten (Bovekerke, Zande) of wijken (Mokker) apart vermeld (kerk, onderwijs, parochie...). Bij personen zijn geen data vermeld, zodat een bepaalde naam op personen uit een verschillende periode kan slaan b.v. Cyriel Roseeuw. Hou er rekening mee dat de schrijfwijze van bepaalde familienamen wel eens varieert (bv. Baeckelandt/ Bakeland). Namen van edellieden zijn met het hoofdwoord en niet met een voorzetsel opgenomen (bv. van Arenberg = Arenberg, de Montmorency = Montmorency); zo ook de lidwoorden bij herbergnamen (bv. De Kroon = Kroon, 't Zwaantje = Zwaantje) of wijknamen (bv. 't Hazennest = Hazennest). Belangrijke informatie bevindt zich vaak in voet- of eindnoten; ook die gegevens zijn verwerkt. Op het einde van de index zijn ook de gerecenseerde werken opgenomen. Een bibliografie over de publicaties van de heemkundige kring Coclariensia en de historisch-archeologische kring Spaenhiers, telkens over de periode 1980-2005, is al opgenomen in JBS 2005, p. 257-275. Deze index geeft geen auteurs en artikelen, wel de inhoud van de bijdragen.

Gebruikswijze: eerst wordt het betrokken jaarboek gegeven, daarna volgen de bladzijden. Bv. JBS 2004 123-125 = jaarboek 2004, pagina's 123 tot 125.
